Decision Notice 063/2026

Dates when drain clearing undertaken in Bonar Bridge – failure to respond

Applicant: The Applicant
Authority: Highland Council
Case Ref: 202501767

Summary

The Applicant asked the Authority for information about when drain clearing took place in Bonar Bridge. This decision finds that the Authority failed to respond to the Applicant's request and requirement for review within the timescales allowed by the Freedom of Information (Scotland) Act 2002 (FOISA) and the Environmental Information (Scotland) Regulations 2004 (the EIRs).

Background

1. The Applicant made an information request to the Authority on 17 July 2025.
2. The Authority responded to the information request on 28 August 2025.
3. On 29 August 2025, the Applicant wrote to the Authority requiring a review of its decision.
4. The Authority notified the Applicant of the outcome of its review on 1 October 2025.
5. The Applicant wrote to the Commissioner on 3 October 2025, stating that he was dissatisfied with the Authority's failure to respond to his request and request for review within the statutory timescales and applying to the Commissioner for a decision in terms of section 47(1) of FOISA. The enforcement provisions of FOISA apply to the enforcement of the EIRs, subject to specified modifications – see regulation 17.
6. The Commissioner determined that the application complied with section 47(2) of FOISA and that he had the power to carry out an investigation.

Investigation

7. Section 49(3)(a) of FOISA requires the Commissioner to notify public authorities of an application and to give them an opportunity to comment. The Commissioner did this on 16 January 2026.
8. The Authority confirmed that it did not wish to provide submissions.
9. It is apparent from the terms of the request that at least some of the information caught by it will be environmental information as defined by regulation 2(1) of the EIRs. In [Decision 218/2007 Transport Scotland](#)¹, the Commissioner confirmed at paragraph 51 that where environmental information is concerned, there are two separate statutory frameworks for access to that information and, in terms of the legislation, an authority is required to consider the request under both FOISA and EIRs.
10. Section 10(1) of FOISA gives Scottish public authorities a maximum of 20 working days following the date of receipt of the request to comply with a request for information. This is subject to qualifications which are not relevant in this case. The same timescale is laid down by regulation 5(2)(a) of the EIRs.
11. It is a matter of fact that the Authority did not provide a response to the Applicant's request for information within 20 working days, so the Commissioner finds that it failed to comply with section 10(1) of FOISA and regulation 5(2)(a) of the EIRs.
12. Section 21(1) of FOISA gives Scottish public authorities a maximum of 20 working days following the date of receipt of the requirement to comply with a requirement for review. Again, this is subject to qualifications which are not relevant in this case. The same timescale is laid down by regulation 16(4) of the EIRs.
13. It is a matter of fact that the Authority did not provide a response to the Applicant's requirement for review within 20 working days, so the Commissioner finds that it failed to comply with section 21(1) of FOISA and regulation 16(4) of the EIRs.
14. The Authority responded to the Applicant's requirement for review on 1 October 2025, so the Commissioner does not require it to take any further action in response to the Applicant's application.
15. The Commissioner notes that the Authority apologised for its late initial response. He recommends that the Authority considers whether it would be appropriate to also apologise to the Applicant for its late response to his requirement for review.

Decision

The Commissioner finds that the Authority failed to comply with Part 1 of the Freedom of Information (Scotland) Act 2002 (FOISA) and with the Environmental Information (Scotland) Regulations 2004 (the EIRs) in dealing with the information request made by the Applicant. In particular, the Authority failed to respond to the Applicant's request for information and requirement

for review within the timescales laid down by sections 10(1) and 21(1) of FOISA and regulations 5(2) and 16(4) of the EIRs. Given that the Authority has now responded to the Applicant's requirement for review, he does not require the Authority to take any action.

Appeal

Should either the Applicant or the Authority wish to appeal against this decision, they have the right to appeal to the Court of Session on a point of law only. Any such appeal must be made within 42 days after the date of intimation of this decision.
